We are working to serve our people in our facility. We produce hygienic, high quality and delicious products with modern technology. We use veal meat in accordance with quality criteria and halal slaughter standards in our products. All meat and ham materials (beef, spices, etc..) used in our production are supplied under the control of food engineering. After the controls are provided, it is taken to the production facility. All raw materials used in production can be sent to sales points to meet with our centers after passing through analysis and quality control.
